

Hello CMBC family,

A few updates:

**Financial** - Financially we praise God and thank you for your ongoing generosity.

Our partners are being supported and ministry is being done even though differently than a few weeks ago. This includes \$2,550 and some food that has come in for Coaldale Foodbank.

Our expenses are slightly lower for CMBC ministries in some ways and slightly higher in other ways. Two increases during this new season we are in have been purchasing Zoom video networking and the number of mailings we need to do. Both of these are attempts to care for our whole congregation as effectively as possible.

Just a reminder there is several ways to safely, securely and confidentially contribute:

Preauthorized Debit (please ask Darcy or James for information to set it up)

Cash and cheques accepted at the church office

E-transfer to [Finance@coaldalembchurch.com](mailto:Finance@coaldalembchurch.com) through your personal banking application using the "Interac e-transfer" button with most banking apps.

**Community** - We also praise God and thank you for the ways you are being a biblical community.

People are calling and 'Zoom'ing with each other. Relationships are essential to how we are created. If you are not connecting enough with others then find a way. Call. Connect online. Go visit even while physical distancing. Don't do life alone. We need each other.

Grace, peace and joy in Christ to each of you,
