

## THE LAST SUPPER!

Some enhanced activities to help your children learn and understand this Bible story! After watching the Bible story video with your toddlers and preschoolers you can do the following activities, modifying them to fit your child's development level!

### Active Story Telling Time:

#### **Recreating the Last Supper With Your Family!**

Spread a table cloth over the table or on the floor. Grab several stuffed animals to be Jesus' friends and line them up around the cloth along with your family members. Use a paper cup, paper plate, bread or rolls, and juice. Pass out the bread to all of your family, breaking pieces off and handing them out, then pour the juice and read the story about the last supper from any Children's Bible or your own telling of the story. Ask your child these questions to create discussion.

1. How did Jesus celebrate the last supper with his friends?
2. Can you remember anything Jesus said to his friends?
3. Which one of Jesus friends told the soldiers where he was?
4. Who is our Savior?

### Game Time!

Play a game with your family! You simply get your children to collect some toys or other items from around the house, you probably want about 10 items total. You will also need a blanket or towel. Arrange all the toys in front of your children. Tell them they're going to have to use their memory! Cover up the items with the blanket or towel and then carefully sneak an item or two out in the blanket. The kids have to look at the remaining items and use their memory to try and remember which items are now missing! You can let each child take a turn or continue doing it yourself as many times as they are interested! After the game tell them that during the last supper, Jesus told His disciples to "Remember Me" just like we had to remember the missing toys in our game, Jesus wants us to remember Him, and what He did for us on the cross. He wants us to remember to be kind and show love!

## Last Supper Song

Sing this song about the Last Supper to the tune of Wheels on the Bus

The friends of Jesus like to eat and eat Eat and eat, eat and eat  
The friends of Jesus like to eat and eat At the supper

Jesus took the cups and passed them out, passed them out, passed them out  
Jesus took the cups and passed them out At the supper

Jesus took the bread and broke it up Broke it up, broke it up  
Jesus took the bread and broke it up At the supper

Jesus showed friends his love and love Love and love, love and love  
Jesus showed friends his love and love At the supper!
