

CPC Values & Behaviours

Something that is vital to any church and for us here at Comox Pentecostal Church is identifying and exploring our Church Family Values & Behaviors.

It's been important to us to intentionally study, reflect and discuss these very important matters. Along the way we have tried to draw our inspiration from the life and words of Jesus as well as the values demonstrated in the NT early church model. With each value, we have identified key behaviors along with commitments we must be willing to make in order to live them out in real time. (A work in progress.)

Why we Must Know and Articulate our Values

- Our Values Help **Identify** Who We Are & What We Stand For
- Our Values **Inspire** & Shape Our Vision
- Our Values **Influence** Our Decisions
- Our Values **Impact** Our Behaviour – What we will do and not do....
- Our Values **Impress** The Next Generation – We have a baton to pass along.....
