

NBPC STORAGE SHED/CHEST POLICY

STORAGE SHED/CHEST: A maximum footprint of 15 sq ft. permitted.

Any storage shed/chest higher than 3 feet must be located tight against the RV or Cabin and secured to prevent it from falling over. 3 ft or lower storage chests may be located on a deck or elsewhere on your lot/site.

In the RV section the storage shed/chest must not be located behind the back of the RV.

There is a maximum limit of 1 storage shed/chest per cabin lot or RV site.

All storage chests must be a commercially available shed/chest. Owner built sheds are not permitted.

Note: this amends item #15 on Guidelines & Policies section of your Lease Agreement: "Applications for standalone storage sheds will not be approved."

Effective: May 4. 2020
