Part 15 - What Are You Fighting For?

Religion is a hot topic that can lead to tense debates. Jesus often critiqued judgmental and hypocritical religion. He also challenged people to rethink what they fight against and who they fight for. That is a powerful challenge for us today.

Scripture: Mark 13:14-27

Discussion Questions

1. How are you spending your summer? How is this summer different for you than most? What plans do you have for the rest of the summer?
2. Read Mark 13:14-27. What observations or questions do you have? What event is Jesus talking about? What does he teach them to do when things get bad? How do verses 26-27 help us think about what our religious experience should look like?
3. Pastor Dave encourages to think about 2 questions:
 - Who/what do you find yourself fighting against?
 - Who/what do you find yourself fighting for?

What are some of your answers to those questions? What do you think Jesus' answers would be to those questions? Are there adjustments that you need to make to how you live out your faith in light of this discussion?
