## Ramoth House

It's been an exciting and stretching season for me at Ramoth House. Moms and babies are growing day-by-day at Ramoth House and it is good. We've recently had 2 moms graduate our Step One Program! One moved to our Step Two apartments and the other into our Step Three program where we offer ongoing support in the community. We celebrate their growth and pray every blessing on them and their little ones! Covid-19 has necessarily changed many things about how we operate including new inspections and new protocols, but it has not stopped us from serving the moms and babies that come to our program. The pandemic has required us to think creatively about how to help our moms access services that will help them on their journey to independence. New staff are joining our team and we're grateful for the gifts and passions that each of them bring to this ministry. In the midst of all of this newness, I've also accepted a new job title – Director of Programming - with additional responsibilities. Day-by-day, I'm grateful that I, and in fact, we don't traverse these new paths alone.

Right now, we are in the process of redesigning our gardening program and our baking program to more effectively mentor our moms in developing these life skills. Additionally, we are working to develop workshops that will, for example, teach batch cooking, coach in healthy leisure, or develop good tenancy habits for our Step Two moms. We're excited to see how these program changes might bring about more growth and health for the families we serve. Thank you for your essential partnership in changing the lives of the moms and babies who come to Ramoth House, we truly couldn't do without you!
