

# Covid Protocols for EPIC Youth

## *At arrival:*

- Sign in and register (for tracing purposes) through the east entrance of LGCA student lounge.
- Hand sanitize on arrival. This will be provided.
- Masks are mandatory for entry, exit and moving around the facility so ensure that you bring one! If you forget, we got you.
- When we are outside and able to distance, masks are not mandatory.
- When entering the lounge, feel free to mingle and talk with your leaders. Keep in mind your physical distancing for your own safety and the safety of others.

## *Throughout the evening:*

- As stated, masks are mandatory when moving around the lounge.
- We ask that students sit in the designated seats that are spaced out.
- If you have a family member/bubble member at youth, feel free to sit by them on the benches.
- Wash hands/hand sanitize often.
- Students are welcome to take their mask off when seated in small group and during the talk. We recommend you wear your mask throughout the evening.

## *Leaving:*

- When you are leaving, put your mask on.
- No sign out required.

## *Small group nights:*

- Masks are required if your small group is meeting inside. Details on these nights will be provided via instagram and newsletter.
- Nate will not be involved at every small group event which means that our trusted leaders will be enforcing covid-19 protocols.
