

July 22, 2020

“**M**ake it work” is the slogan above the door into one of my favorite stores. I was there buying sprockets for my airstrip digging machine, dubbed the ‘Indo-zer’. Building a prototype means constantly encountering new problems that need creative solutions; pretty much the world we all live in right now.

Dawn and I are so pleased with our new graduate, Cassia – beautiful, strong, loyal, hard-working, and determined to live for Jesus. She graduated with honors while schools in general struggle to keep a normal pace. Her planned Bible/Outdoors program has also made creative changes and is a ‘go’ for September.

Dawn and I are continuing to disciple others through a Bible timeline – the Bible in 24 one-hour lessons. Sharing material online, and meeting outdoors has allowed us to keep moving forward. Attendance is low but God is visibly at work in those who make it each week.

Levi is now working 3 hours with me each day to gain work experience and grow his C.A.S.H.: Character, Attitude, Skills, and Habits. He’s learning lots, we’re spending more time together, and some overdue projects are getting done. It’s a win-win-win situation!

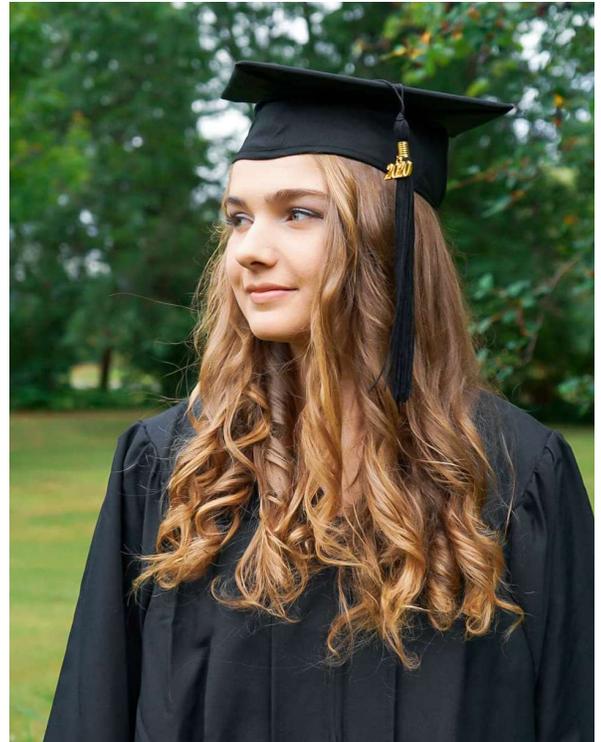

It looks like my improving health has plateaued at 70%. If I manage my time and energy well, I’m able to spend time with the Lord, do more with my family, and keep a normal work week of Ethnos Canada ministry. As for the other things . . . “let us lay aside every weight and the sin which so easily ensnares us, and let us run with endurance the race that is set before us, looking unto Jesus the author and finisher of our faith . . .” (Hebrews 12:1-2)

Please pray with us for:

- Co-workers facing long waits for paperwork and travel permission
- God to lead and guide Cassia in each step forward
- wisdom during this pandemic

Things to praise God for:

- Cassia, ready to launch into adulthood!
- consistency in my health and strength
- creative solutions to new challenges

Cassia's graduation – the class of 2020

Levi moving firewood while we test the Indo-zer prototype

In His grip, *Duane*
