

# JIM2ROMANIA

Hello from Romania!

July 2020

**The ministry is operating!! PRAISE GOD!** Last week on July 8<sup>th</sup> we began in a new village, Ciuperceni. I was there, they had a good number of children, we were in a park. They had an outdoor theatre there with benches. This is where the movie was shown and the people sat away from each other, as the Romanian government requires! On July 10 we were in a village we have been to before called Plenita. We were on a dirt parking lot, a lot of kids were there. When it came time for the movie, the pastor got some chairs from the "Culture House" next door. It's like a community center. The chairs were arranged so there was space between them!

**Thursday and Friday nights** I had a live broadcast on Facebook. If you go to Facebook you can see the video saved from 2 nights! We will try to have a live broadcast often. My Facebook name is Jim Morgan. Here are pictures from the first nights!

See me in the green shirt?!

Looking over the crowd at Plenita.

Ionut and wife teaching!

Team David, Cristina, Estera, Luminita and Nicoleta.

Team plus pastor in middle and a family from the church.

My friend Sami, first time to see us!

**Please pray with us as Ionut drives the team** from village to village. The Lord has provided a good place for the team to stay in Plenita which is close to the villages they are going to. This week they will be in one new village and 2 villages we have been to before. Please ask the Lord for safety as they travel and freedom from Covid19.

**Tony is coming this Sunday,** July 19 on the train. He will be with us the next evening in a village to make video of the team for us! I am thankful! Robi is coming with Tony. I am so thankful with how God is working in Tony's life! His mother was away at her sisters for about 3 days, and she asked me to speak with Tony much while she was gone. I did it gladly and Tony is always happy to speak!

**That's it from Romania this month!** Thanks for your prayer and financial support! Without you, this work would not exist and the Gospel would not be proclaimed as it is each evening! God bless you!
