Spread the Light

ST. HILDA'S
CAPITAL
CAMPAIGN
NEEDS YOUR HELP!

About St. Hilda's

Established in 1936 on the unceded territory of the shíshálh First Nation, St. Hilda's has been a beloved spiritual home witnessing the love of Christ to/with people of many different backgrounds and cultures. The parish has committed itself to the principles of hospitality, worship and justice, and strives to offer a warm welcome to all, as well as seeking to engage with and support our wider community.

Our sanctuary is a gathering place for worship, meditation, learning, concerts, workshops, a drum circle and more. It is home for the only pipe organ on the Coast.

Our current community outreach includes support and advocacy for the homeless, promoting truth and reconciliation awareness, funding of school students and clean water in Kenya, local Christmas hampers, and Syrian refugee support,. We are a home to the local recovery community, Girl Guides, community choirs, Tai Chi, ballet, and karate classes.

The Challenge

In 2017, structural instability was discovered in our main sanctuary, which must be rectified. The original cost of restoration was estimated at approximately **\$1 million but the final cost was over \$1.3 million.**

Thus our ***Spread The Light*** capital campaign was launched in March 2018. Thanks to the generous support to date, we are 80% to meeting the campaign goal, but additional funds are urgently needed! With your help, St. Hilda's restoration will be complete and we may continue our many ministries serving the community..

How Can You Help?

- **Donate (money or stocks) towards our goal. This will support our restoration while reducing your income tax.**
- **Challenge your family, coworkers and employers to match your donation!**
- **Support our upcoming fundraising events!**
- **Spread the word!**
- **And please, keep us in your prayers.**

Yes, I would like to contribute to St. Hilda's capital campaign!
