Last Weeks KEY Point: Key Point: Quote: Pastor and Dr. Rob Reimer says this about the Spirit,

The best way for God to give us the gift of His fullness is to give us the gift of Himself. The fullness of God is found in the person of God, so God gives us His Spirit to dwell in us so that we can have access to the fullness of God. -River Dwellers, pg. 23 Is there any points or questions arising from Lasts weeks discussion-?

Gifts of Holy Spirit

In your life as a follower of Christ have you had / do you have a manifestation of the gift of the spirit in your life?

DO you know what your gifts are?

,Do you have an experience using your Gift you would want to share?

key point: If we are filled with the Holy Spirit, then his gifts are made manifest in us for the whole body of Christ. To bear witness of the work of Christ for the whole world, the filling of the Spirit and to build and serve each other.

Leaders:

you can finish with this if your group is willing to share on this level or exhort them to do this on their own this week.

As we concluded in last weeks discussion.

Have you asked for the filling of the Spirit?

From what we have read and discussed tonight

What is God saying to You.

Find time this week to Sit alone with God and ask him.

Write your questions down, Write the first thing that comes into your mind.

Write down What do you need to do about it?

For some a good way to follow through is to share it with someone to be held accountable so it gets done. Consider it.
