

Part Two: Be Confident

We all go through seasons of life in which we feel like our confidence is swept away. If we aren't careful, our perspective, emotions and decisions can easily shift in negative directions. If we want to be able to have confidence in the health of our soul, we need to hang on to something secure.

Scripture: Hebrews 6:11-19

Bottom Line: Your confidence is only as strong as your hope. Your hope is only as strong as what you find hope in.

Discussion Questions

Our Life Groups ministry will be starting back up in October 2017.
