

# MEDICAL ASSISTANCE IN DYING (MAiD)

Tuesday, November 24, 1:00 pm - **by Zoom**

## Presented by MB SEMINARY

An interactive conversation to further understanding of MAiD and our response as Mennonite Brethren.

How would you respond if someone you know was considering medical assistance in dying?

As Christians, we affirm that life is a gift from God. Yet, people we know in our workplaces, neighbourhoods, and yes, even our churches, are making this choice. How do we uphold our theological position while coming alongside those impacted by MAiD with faithful and compassionate witness?

You can see this presentation on the MB Seminary website via **ZOOM** - Tuesday, 1:00 pm - need to [register](#).
