Through preparation and participation in the worship service, we can learn how our sisters of Slovenia understand the Biblical passages in their context. We can hear their concerns and needs and can join in solidarity with them as we pray with and for them. The motto of the World Day of Prayer movement is **Informed Prayer and Prayerful Action**. Through our participation in the World Day of Prayer, we affirm that prayer and action are inseparable and that both have immeasurable influence on the world.

The World Day of Prayer is a global ecumenical movement which brings Christians of many traditions together to

observe a common day of prayer each year on the 1st Friday of March. In this country, it is coordinated by the Women's Inter-Church Council of Canada. Each year the focus is on a certain country, with women of that country providing art, music, prayer, and other resources to help mark the day. This year's focus will be on Slovenia.

Through our participation in the World Day of Prayer, we affirm that prayer and action are inseparable and that both have immeasurable influence on the world.
