

To our dear Frontline Health Care Workers and all who care for the community...

We are so grateful to each and every one of you for the work that you are doing, especially at this very challenging time. We want you to know that we care about you and are doing our bit to help mitigate the spread of Covid-19. Here are few ways our community is trying to help you...

Cancelling our Christmas Eve services in person and holding them online instead. * Postponing Christmas with family until July (when we can do it outside!) * Bought an outdoor propane heater so we can gather with one or two others outside at a safe distance. * Cooking our usual Christmas dinner and then delivering it to family and single friends and wishing them a Merry Christmas at a distance with masks on. * Wearing a Mask whenever we are out of the house. * Celebrating Christmas Dinner with our Family over Zoom * Washing our Hands
* Praying for all Frontline Workers

A Prayer of Blessing for You

Creator of the Universe
We pray for everyone who is working hard and in difficult circumstances to care for the sick in our community.
Protect them and keep them safe.
Bless them with extra energy and strength.
May their hearts and spirits be blessed with encouragement and hope.
We are so grateful for each and every one of them.
Amen

*With profound gratitude
