

How to Setup a Live Stream

Do you have the following?

1. Computer
2. SMART TV
3. HDMI Cable

For parties with 1. Computer

Steps to viewing service on Computer:

- I. If using a laptop, ensure laptop is plugged in for power
- II. Use internet browser and type in www.svbc.ab.ca into search bar
- III. Click the **Watch Live** tab (far top right corner of screen)
- IV. At 9:15 AM and 10:45AM on Sunday, our Live Stream will begin with a scrolling of the current announcements. The service will begin at 9:30AM and 11:00AM respectively.

For parties with 1. Computer and 3. HDMI Cable

Steps to viewing service on TV using a Computer

- I. If using a laptop, ensure laptop is plugged in for power (near TV)
- II. Plug one end of HDMI cable into HDMI terminal in computer
- III. Plug other end of HDMI cable into HDMI terminal in TV
- IV. Turn on television and use SOURCE to switch to Input of HDMI terminal
- V. Turn on computer
- VI. TV will automatically show cast of what is on computer screen
 - i. If screen is black, change SOURCE input until picture appears

For parties with 2. **SMART TV**

Steps to viewing service on a SMART TV

Your TV is also partially a computer. You can download apps onto your TV, which allow you to view the service **without** the need for an input computer.

- I. Download the YouTube app on your SMART TV
 - ii. Click the “Apps” button on your TV remote. (If it is not labelled “Apps”, it is likely between your NETFLIX and AMAZON buttons.
- II. Once YouTube has downloaded, click on the YouTube app in the app bar (App bar is accessed with App button on TV remote)
- III. Type in “**Sturgeon Valley Baptist Church**” into search bar in top left hand corner of YouTube app using your TV remote.
- IV. Click on **LIVE** video feed in the “Videos” section
- V. Video will play when service begins
