

Early Learning Center News for March:

We will be celebrating spring. Our character trait for this month is Responsibility. Throughout the month we will celebrate the gifts that God gives us in the spring. The children will enjoy new growth of the trees and the beautiful flowers that bloom.

The two's continue to grow and make lots of fun art projects. There will be some fun and messy things in their discovery table. They love to touch, feel, and investigation all of the wonderful things Ms. Vicky will put into that table. Some of things she has used in the past are snow, dirt, water, pompoms, and rice. They can't wait to see what's next.

The three's will work with their letters and numbers in many ways to make learning fun. Ms. Mary will do some experiments to learn about the changing world around them. There will be lots of fun crafts about spring.

The Pre-K classes will get ready to attend kindergarten as they visit their schools and register for next year. They will continue to learn about their letters and numbers and handwriting. They continue to build their vocabulary and reading skills as they work with their sight words.

We still have a few openings in some of our classes for the next school year. We now have only a few spots left in the morning classes with lots of afternoon spots open. If you are interested in learning more about our Preschool please feel free to call the preschool office @ 410-795-2287.
